Jewelry Findings

Inspiration in every finding.®

vintaj.com

From the Girls at Vintaj.

We hope you'll love this month's tropical inspired projects with lots of Color!

As designers we are constantly looking at things in new ways.

We love designing with the separate elements in our Woodland Toggle set so much that we've decided to introduce them, along with a new sampler pack as individual items.

Besides cool lemonade and family picnics, July reminds us of everything that we enjoy here in the US of A and everything we're grateful for. We're celebrating with our [Fireworks of Findings](#) drawing! See details on our blog. We also want to extend a big thank you to everyone who visited us in Milwaukee. We enjoyed meeting you.

Happy Designing!

"What led me to Vintaj are the wonderful Vintage/Victorian styled jewelry pieces that I have seen made by others. But after getting my wonderful shipment of findings I found myself leaning more towards a more modern and eclectic look for my designs. The warmth of the brown patina lends itself so well to bright colors as well as a monochromatic palette.

Even when I am not working with them in my studio...I am always thinking about new designs. Plus the company is efficient, the website easy to navigate and they are so generous with ideas. I appreciate that.
