*“I just wanted to thank you for all the wonderful inspiration your products have brought to my designs. I've never enjoyed designing so much as since I discovered Vintaj Natural Brass. Coming up with new ideas is never a problem, it's finding the time to create my never ending ideas. Being able to visit your “project ideas” is such a blessing and really helps direct my inspirations to actual creations. Words can not fully express my gratitude to you for the pure enjoyment I receive using Vintaj Natural Brass, since having my “design time” with five children can be challenging.*

*If you can imagine me sitting at my jewelry desk wrapping dragonflies, while my daughters dance to classical music and laugh directly behind me while my sons wrestle...and all of us in the same room, it's quite miraculous!*

*I hope my letter inspires you to keep creating and inspiring others like me.*

*Blessings to you all,*

*Marta Weaver*
