Jewelry Findings

Inspiration in every finding.®

vintaj.com

From the Girls at Vintaj.

Here we are in June already! The days have been flying by. We've just completed our third issue of *Finding Yourself* and are introducing a new technique pad featuring the filigree bale and embellished hook techniques. We are also so excited about our new

Czech Glass stones, introduced this past month, and are looking forward to more colors and sizes very soon!

Bead & Button is only a few days away and brings many exciting opportunities with guest demonstrators and classes featuring Vintaj Natural Brass! Amidst all of the excitement we hope you take time to enjoy the blue skies and summer breeze.

Happy Designing!

"I just incorporated Vintaj Natural Brass findings in two of my bracelets for the first time and love how the findings created an antique look to the bracelets. From the Vintaj line I used various bead caps, beads, "believe" charms, headpins, jump rings and the wire offered on your website in 20 & 24 gauge. I create wire wrapped beaded bracelets using a variety of beads, wires & embellishments."
